

## **Burlington Humane Five Year Vision**

Burlington Humane is the premiere non-profit, no-kill animal adoption facility focused on Burlington, but supporting the Golden Horseshoe and Ontario where possible, for dogs, cats, and pocket pets. We partner with other like-minded organizations and communities to provide shelter to homeless animals of Ontario and beyond. BHS uses best practices to ensure excellent care of our animals in our environmentally friendly facility and to promote the animals' physical and emotional well-being. BHS believes that our role is to nurture and offer support through the life of every animal and to help and support each adopter to be the best caregiver they can be for the life of their pet.

BHS is the community's resource for adoptive families and all families through community outreach and pet services.

Burlington Humane will honour all our partnerships with local governments, humane facilities and sponsors. We will have an abundance of volunteers assisting us in our programs and the care of our animals. We will be distinguished from others organizations in the holistic approach to supporting people and their pets.
