No Hot Pets

During these hot dog days of summer, there are things you can do to ensure your pet stay cool and comfortable:

- Keep your pet hydrated,
- Watch for symptoms of overheating like excessive panting, weakness or even collapsing,
- Some breeds of cats and dogs (Pugs and Persians) may be more prone to overheating,
- When taking your pet for a walk, avoid hot pavement when possible,
- Do not shave your pet as their coat may help prevent overheating,

- Watch out for hazards, i.e. an unsupervised pool,
- Walk your pet during the morning or evening when it is the coolest!!

And of course, never leave your dog in a car!!
And if you see an animal left in a car, phone 1-833-9Animal, 911 or your local police. You can save a life!!!
